Washington, D.C. 20515

Re: H.R. 3134, "To provide for a moratorium on Federal funding to Planned Parenthood Federation of America, Inc."

Dear Representative:

Liberty Counsel Action (LCA), on behalf of more than 750,000 members nationwide, urges you to vote for H.R. 3134, "To provide for a moratorium on Federal funding to Planned Parenthood Federation of America, Inc." LCA seeks to advance religious liberty, the sanctity of human life, the family, limited and responsible government, and support for Israel. LCA will be including your vote in our scorecard for the 114th Congress.

Good public policy recognizes the inherent human dignity of all persons. However, an entire class of society is being targeted for extermination; discriminated against based on race, gender, and disability; and are being commoditized for their organs. Even worse, our government subsidizes this injustice by giving over half of a billion dollars, annually, to Planned Parenthood, an organization that performed 327,653 abortion procedures in 2013 alone.

Today is an opportunity for the United States House of Representatives to impose a one-year moratorium on federal funding to Planned Parenthood Federation of America, Inc., and in doing so, give the House sufficient time to conduct a thorough investigation before distributing federal funds to the abortion giant. Additionally, H.R. 3134 allocates \$235,000,000 to community health centers, which will increase the availability of health services to women.

In light of recent undercover videos depicting Planned Parenthood leadership haggling over the price of a preborn child's liver and other organs, Congress cannot claim ignorance any longer as to the despicable practices of the abortion giant, Planned Parenthood. For the aforementioned reasons, Liberty Counsel Action supports H.R. 3134 and will be widely circulating your vote in its Congressional Scorecard, extensive email notifications, and other media venues.

Sincerely,

A handwritten signature in black ink that reads "Mark Trammell".
