

Join Tea Party Nation!

April 27, 2016

The Honorable Peter Roskam  
Member of Congress  
Washington DC, 20515

Dear Congressman Roskam,

On behalf of Tea Party Nation, I want to take a moment to thank you for your leadership in efforts to reform the IRS. As we all know, the IRS is a rogue agency, that has been weaponized by the Obama Regime. The IRS has no reservation about using data gathered against conservatives and conservative organizations.

Tea Party Nation stands with you in support of the Preventing IRS Abuse and Protecting Free Speech Act that you have introduced. The only thing more shocking than the requirement that 501C4 groups provide the government with a list of their contributors, is the way the government abuses this information when it is provided. Repealing the Schedule B (list of contributors) requirement from the 990 filing is a major blow for freedom and goes a long way to protecting real Americans against the outrageous abuses of this rogue agency.

On behalf of Tea Party Nation and on behalf of the Tea Party in general, which has been the target of many of the IRS abuses, I want to take a moment to thank you for your outstanding leadership on this issue. We encourage all Members of Congress to join with you in supporting this outstanding bill.

Sincerely,

Judson Phillips,  
Founder, Tea Party Nation
